PRESS RELEASE

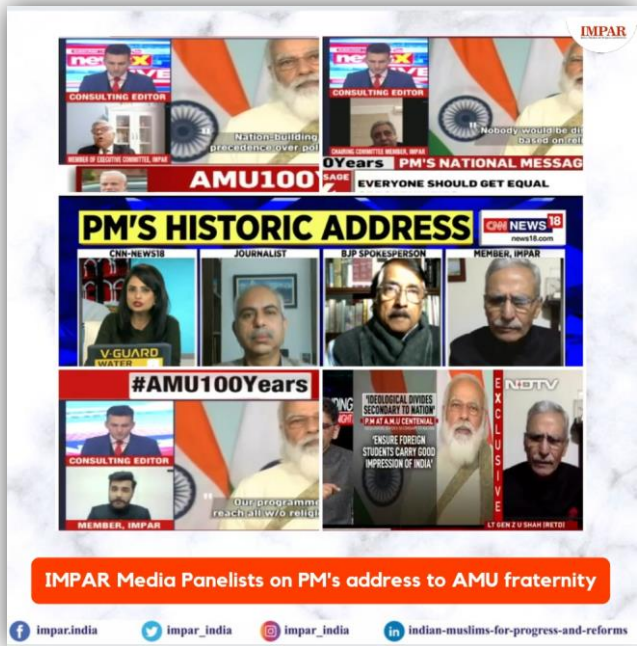

January 4th, 2021

IMPAR writes to the Chief Minister of Madhya Pradesh raising concern against the attack on Mosque in Madhya Pradesh

On Tuesday December 29th, 2020, large groups of armed persons have reportedly attacked the people, properties, and place of worship of Muslims community at some places, including Dorana village near Mandsoor city in Madhya Pradesh. The incident took place while some right-wing members were taking out a rally to create awareness about a fund-collection campaign for the proposed Ram temple at Ayodhya. It is also reported that instead of providing the relief and security to the victims, who are predominately from Muslim community, the local administration had acted against them while the actual culprits had gone scot free. This has created a sense of insecurity, fear, and unrest amongst the members of Muslim community in the affected areas and beyond. Dr. Mj Khan, President, **Indian Muslims for Progress and Reforms (IMPAR)** wrote to Shri Shri Raj Chauhanji, Honourable Chief Minister, Madhya Pradesh about the same seeking his intervention to take stringent action against the actual perpetrator of violence who disturbed the inter-community harmony and to provide immediate relief to the actual victims by releasing the innocent people from the custody and provide just compensation for the losses suffered by the victims.

Dr. M.J. Khan
President
IMPAR

ABOUT IMPAR

IMPAR was established with the aim to change the image perception of the Muslim community and to create better opportunities for our younger generation and create a positive change in the society by empowering our women and reforming the plight of our brethren. The journey has been very eventful and the organisation delivered in many areas with a sense of urgency. The organisation grew at an amazingly fast pace with efficacious organisational capabilities and the contribution of all the members of Steering Committee, Executive Committee, various Councils of IMPAR and functional groups members. We must plug along in terms of delivery, direction and credibility and work on finding long term solutions and be a ray of hope to navigate the community to the path of reforms and progress. We hope to further accelerate the speed of output and delivery in the months to come. Hope, our collective efforts make some difference to the situation of our community.
